PH: 615-532-0748

RES will conduct a training workshop to educate citizens and local governments on the importance of parks and recreation citizen advisory boards, and how to create an effective and active board. This workshop also covers important contributions the boards provide in the delivery of quality parks and recreation programs and facilities.

Whether you want your Park Board to be more active or effective or greatly desire to create a Park Board in your area, this training is for you. Don't forget to register!
